

## Jobs that Could Rock Your Future

The help wanted ads in the future will not look like today's classifieds. Job titles like space tour guide and molecular engineer may soon become commonplace. While the jobs below exist today, you may not be familiar with these opportunities.

√ **Match** these job titles to the help wanted ads. (a. Data Miner/b. Solar Installer/c. Wellness Coach/ d. Emergency Planner/ e. Patient Advocate/f. Off-Shore Manager/g. Green Collar Consultant/ h. Immigration Specialist)

√ **Add** the industry and two interests or skills the job seeker should possess.

√ **Compose** a job title and help wanted ad for a job you would like.

Job Title/ Industry	Help Wanted Ad
